Job experience

Student front-end web developer, TARGIT, Aalborg

03/2024 – 06/2025

Through the CMS system Hubspot, I maintained and updated the TARGIT website. I was in charge of upgrading our *theme* (the core/foundation of the website), which in the end enabled marketeers to use the latest features in Hubspot, and improved page performance to pass Core Web Vitals assessment.

Web developer, LitterMorph, Aalborg

08/2023 – 10/2023

I developed a simple landing page for a startup company.

Ski resort employee, Whistler Blackcomb, Canada & Varingskollen Alpinsenter, Norway

12/2018 – 04/2019 & 11/2019 – 05/2020

During the two winters I had five different jobs - snow production, lift assistant, ski rental and maintenance and shaping of the snow park.

Temporary worker, JKS, Silkeborg

01/2018 – 11/2018, 04/2019 – 11/2019

Temporary work in many different companies, often production jobs or other physical labor.

Supervisor, Coop A/S, Silkeborg 09/2017 – 01/2018

It was my responsibility to supervise the youth workers and provide the best service to customers as well as running the store in the evenings.

Education

Interaction Design (Masters), Aalborg University, 2023 – 2025

Interaction Design (Bachelor of Science), Aalborg University, 2020 – 2023

STX, Silkeborg Gymnasium, 2015 – 2018
